

A bilingual preschool with an emphasis on Mandarin education.

ELFA Preschool has been **inspiring young minds and shaping morals** for over two decades since 2000. Our distinctive infant care and preschool curriculum is designed and planned for children from 2 months to 6 years old.

Our programmes are jointly developed by a team of local early childhood specialists, with a panel of advisors from China headed by Professor Zhu Shi Yuan. She is the former Head of Early Childhood Department in Beijing Normal University, a reputable teacher training institution in China with a legacy of more than a century.

At ELFA, we groom young children to be effectively bilingual in English and Mandarin. Today, ELFA is the most awarded Singapore preschool brand in China, recognised for excellence in curriculum design and centre management.

What is a Kinship Tree? 亲属称谓树是什么?

A kinship tree is a visual representation of your family's connections. It is like a snapshot of your family's relationships across generations, showing how everyone is linked to one another. As you explore its branches, you can see the relationships between your grandparents, uncles, aunts, cousins, and more, and how each person fits into the bigger picture.

亲属称谓树是一张直观展示家庭关系的图谱。它就像一张跨越几代的家庭关系快照，生动地展现了家庭中每个人之间的联系。通过探索它的分支，你可以清楚地了解祖父母、伯伯、姑姑、堂兄弟姐妹等之间的关系，以及每个人在大家庭中的位置。
